Dear Mr. Bradley,

I am requesting further information regarding the remedial action that is to take place on my property at 2248 Benton Street, Granite City Illinois, scheduled for this Spring 1994. This cleanup is part of the vicinity property cleanup of the NL/Tarracorp Superfund Remediation Project. I am requesting a copy of the cleanup specifications and procedures for my property (drawings, etc.), plans for replacement of any greenery removed during soil removal (restoration of property to original condition), and times and dates of when this cleanup is to take place. In addition, I would appreciate further information as to why the NL/Tarracorp cleanup and vicinity property cleanup was placed on the National Priority List for Superfund Cleanup. Thank you for your continuing support.

Sincerely Yours,

Kim Unfried
